

Where Equity Meets Excellence

## Radically Excellent School Improvement: *Keeping Students at the Center of It All*

Join us for a powerful 3-day professional learning experience designed for school and district leaders committed to creating lasting, student-centered improvement. *Radically Excellent School Improvement* equips educators with the vision, tools, and frameworks needed to lead with clarity, raise expectations, and dismantle systemic barriers.

Through real-world case studies, practical analysis, and strategic planning, participants will engage with the **Double Helix System of Support**—a dynamic model that integrates instructional and structural elements to drive sustainable change. This institute fosters courageous leadership, purposeful collaboration, and an unwavering focus on equity and excellence for every student.

### What You'll Gain:

- A clear understanding of the **six essential steps** to school improvement
- Deep insights into equity audits and how to turn findings into action
- Strategies for building high-functioning collaborative teams and coaching cultures
- Tools to realign structures and systems for long-term success
- A customized **90-day action plan** and sustainability strategies to keep momentum going

### Who Should Attend:

School and district administrators, instructional coaches, leadership teams, and educational change agents who are ready to make “one radical move” toward excellence.

**Come ready to dare boldly, think deeply, and act decisively—because every student deserves radically excellent schools.**

---

### Extend the Impact with Onsite Coaching

In addition to the 3-day institute, onsite coaching days are available to support teams in applying their learning, refining their improvement plans, and empowering teams to lead meaningful change.

Where Equity Meets Excellence

**Coaching Approach:**

As your coach, I partner with your leadership teams to translate ideas into action. Coaching sessions are embedded in the real work of your school and may include:

- Facilitating collaborative team meetings and leadership planning sessions
- Supporting equity audit implementation and follow-up
- Modeling and building capacity for effective instructional and data coaching
- Helping teams problem-solve barriers to implementation
- Monitoring progress and adjusting action plans to stay focused on student-centered outcomes

**Each coaching day is designed to meet your school's unique needs and accelerate your journey toward radically excellent outcomes for all students.**
